

## Special Events Campaign

### WHY ADVERTISE ON OUR EVENT SITES?

You're promoting your events and creating business opportunities via the internet, and you need a powerful events site to take you to the next level. In 2017 BozemanEvents.net had over 140,000 page views!

Advertise on Bozeman's fastest growing community events calendar, with hundreds of events and the opportunity to get your business over ten thousand relevant impressions each month. It's event advertising that will give you an edge, backed by real data and tracking analytics.

### SPECIAL EVENTS

Have an annual or special event planned? We offer a special package for these types of events. It includes:

- A Venue or Tag page for your event
  - One Medium Rectangle Side Advertisement, linked to your desired URL for 3 months
  - A Featured Advertisement the 4 weeks leading up to your event
- Special event packages are priced at \$800, a 35% savings when compared to individual advertising pricing!

Get featured on our community event site to increase your venue or tag's presence, reach a larger audience, and have all of your events in one place. Your feature page includes all of your upcoming events, a description and photo/logo, location, Facebook and other handy links, and any other information that you desire.
